HI-MACS®

 Natural Acrylic Stone

NEW **MARMO**
AURORA COLLECTION

The HI-MACS® Marmo Collection has been updated with new Aurora colours to fulfil current trends for top-quality marble looks. The new tones display a surface with short and sharp veining, for a more realistic look and easier seamless fabrication.

NEW **INTENSE**
COLLECTION

The new HI-MACS® Intense is a revolution for the Solid Surface market which opens new possibilities for surface design. Dark colours become more "intense", darker and also more resistant, with less visible scratches.

The new formulation allows for colour consistency during and after fabrication, maintaining the dark colour when worked, producing less sanding dust and leaving fewer sanding marks on the surface and edges.
