Aurora Sanremo M605

Aurora Blanc is a white marble with subtle and soothing grey veining, while Aurora Pavia's pristine soft-white offers elegance with translucent properties. Warm tones shine through Aurora Cream with subtle cream and taupe veining as Aurora Greige offers hints of sparkle on a warm grey marble for a lux feel. Aurora Sanremo is a tonal black marble with veining and large particulates inspired by the night sky.

Aurora Blanc M617

CONCRETE COLLECTION

Available in six shades of concrete inspired from modern industrial architecture, they can be used in any applications, such as wall covering, kitchens and bathrooms, adding a special ambience to the space.

INTENSE

The new HIMACS Intense is a revolution for the Solid Surface market which opens new possibilities for surface design. Dark colours become more "intense", darker and also more resistant, with less visible scratches. The new formulation allows for colour consistency during and after fabrication, maintaining the dark colour when worked, producing less sanding dust and leaving fewer sanding marks on the surface and edges.
